- GTS Outsole
- YKK side Zip
- Waterproof & Breathable
- Heat and oil resistant to 300 degrees C

ITEM DESCRIPTION

Your Apache combat boot now upgraded and enhanced for comfort and performance. Manufactured with durable full grain leather and Cordura fabric, these boots offer supreme durability and flexibility. The 100% non-metallic boot features a waterproof and breathable membrane, YKK side zip for ease of entry and TPU heel guard for durability. Composite toe cap and composite midsole protection. Engineered with our Apache 'GTS' Grip Traction System outsole and our core comfort insock, you can enjoy all-day comfort and superior grip without compromise. The outsole is certified for slip resistance (SR), ladder grip (LG), scuff cap abrasion (SC) and heat and oil resistance (HRO).
